Re: Garden Grove Police Department – Public Records Act Request No. 4468
Received July 16, 2019 – Notice of Determination

Dear MuckRock News:

As you know, this office provides legal services to the Garden Grove Police Department (the "Department"). I have been asked to respond to your recent records request on behalf of the Department. This letter shall serve as the Department's notice of determination as to whether your request seeks copies of non-exempt, non-privileged, disclosable public records in the Department's possession pursuant to the California Public Records Act ("the Act" or "PRA") (Government Code §6250 *et seq.*).

On July 16, 2019, the Department received your request and on July 26, 2019, we notified you of the Department's intent to exercise its right to a 14-day time extension within which to provide its notice of determination.

The Department has used reasonable efforts to locate responsive, or potentially responsive, documents, and has determined that responsive documents exist. *(City of San Jose v. Superior Court* (2017) 2 Cal.5th 608, 627 (finding that "the scope of an agency's search for public records 'need only be reasonably calculated to locate responsive documents'"). The Department's specific responses to your Request are as follows:

Request No. 1 - The total number of police uses of force in 2018, broken down by type of force used (i.e., number of uses of tasers, numbers of uses of baton, etc.).

A document which reflects the information you have requested is enclosed with this correspondence.

Request No. 2 - The total number of use of force complaints reported by civilians in 2018.

A document which reflects the information you have requested is enclosed with this correspondence.

Request No. 3 - The total number of use of force complaints reported by civilians that were sustained in 2018.

A document which reflects the information you have requested is enclosed with this correspondence.

Request No. 4 - All arrest data reported to the California Department of Justice via the Monthly Arrests and Citation Register program covering arrests made in 2017 and 2018, including (but not limited to), the age, race/ethnicity, gender, offense category (felony, misdemeanor, status offense), charge and disposition of arrestees.

The requested records are enclosed with this correspondence. However, the Department has withheld certain records responsive to this portion of your request to the extent that they contained information pertaining to juveniles which cannot be disclosed without a court order.

Should you wish to discuss this matter further, please feel free to contact me.

Cordially,

WOODRUFF, SPRADLIN & SMART
